

Email, 2021 November 23 to DRXC members from last two years

**Subject: DRXC Membership Open for 2021/22**

Hello Deep River skiers,

With the cold weather approaching it's time to dust off the skis and renew our memberships with the DRXC. The club works diligently to offer wonderful ski opportunities for everyone. Membership fees pay for trail grooming, trail and facility maintenance, equipment, insurance, and memberships in Nordiq Canada and Cross-Country Ski Ontario.

### Where membership \$ are spent

### Membership Registration

To join the club, the preferred method is to use the on-line form available by clicking the link [DRXC on-line form](#). You can also download the pdf or Word version of the form available on <http://drxc.ca/registration/>, and follow the instructions

for email or mail registration. The membership categories are the same as last year, including the popular “Family Membership” (\$100 + \$20 per family member) for family members living at the same address.

### Ski Equipment Rentals

Rentals will be available at the Deep River Curling and Squash Club with the following schedule:

- Saturday Nov. 27, 10 a.m. – 12:00 noon, skiers under 12 (including Jackrabbits) and their families;
- Saturday Nov. 27, 12:00 noon – 5:00 p.m., all skiers;
- Sunday Nov. 28, 10:00 a.m. – 12:00 noon, all skiers.

All people age 12 and over entering the curling club must provide proof of full vaccination.

After Nov. 28, contact Phil Davis (613-584-3033 or [phil.davis603@gmail.com](mailto:phil.davis603@gmail.com)) for an outfitting appointment.

### Jackrabbit Registration

The Bunnyrabbit and Jackrabbit lessons for children will be held Saturday afternoons from January 8 to early March. New this year is that registration is through the online club membership form ([DRXC on-line form](#)). Note that all Bunnyrabbits and Jackrabbits must be club members. For more information, contact Kevin McDonald at 613-584-1287.

### Chalet Opening

Due to the current Covid situation, the chalet will be open only for organized group activities (such as the Jackrabbit program, high school racing program, adult lessons, etc.). Anyone entering the chalet for these activities must follow the Covid protocols specified by the Renfrew County Health Unit. Signs will be posted at the chalet with the requirements, and a chalet operating procedure will be posted on the DRXC website shortly.

### Trail Maintenance and Improvements

Skiers and other trail users certainly appreciate the efforts of the trail maintenance and trail improvement crews. The photos below show some examples of the work they do.

### Contact Us

We are always looking to improve the club and the skiing experience for its members. If you have ideas or suggestions to pass on, please contact me or any of the club executive members (contact information available at <http://drxc.ca/drxc-executive/>).

Bob Donders ([dondersr@magma.ca](mailto:dondersr@magma.ca), 613-584-4321)

Trail maintenance: cutting through a deadfall on P loop (left), and removing a broken limb hanging over M loop last winter (right).

Trail improvements: corduroy (cut from excess balsam) placed over a muddy area on M loop (left), and gravel placed over a bumpy and rocky area on R loop (right).
